

# 3D Architect (Full time)

**Highest Level of Education**  
**Master Design**

**Social Networks**

**Industry**  
**3 years**

## Preferred Method of Communication

E-mails & meetups.

He needs to be able to communicate properly and often. A daily resume of his progression is appreciated.

## Tools They Need to Do Their Job

- Professional 3D Printer
- Craft table to create plans and models.

## Job Responsibilities

Create the entire suit and assemble it with the mechanical engineer.

## Their Job Is Measured By

Experiences & creations

## Goals or Objectives

Create the different parts needed for the armor.

# Mechanical Engineer (6 months)

**Highest Level of Education**  
**Bac +2**

**Social Networks**

**Industry**  
**6 months**

## **Preferred Method of Communication**

E-mails & meetups.

He needs to be able to communicate properly and often. A daily resume of his progression is appreciated.

## **Tools They Need to Do Their Job**

- Cold forming press
- Flow meters
- Vibration isolators
- Semiconductors process systems - Various computer softwares

## **Job Responsibilities**

Create the robotic part of the armor.

## **Their Job Is Measured By**

Years of experiences and past jobs

## **Goals or Objectives**

Assemble the armor with the 3D architect.

# AI Developer (6 months)

**Highest Level of Education**  
**Bac +2**

**Social Networks**

**Industry**  
**6 months**

## Preferred Method of Communication

E-mails & meetups.

He needs to be able to communicate properly and often. A daily resume of his progression is appreciated.

## Tools They Need to Do Their Job

- One computer to create the code needed for the AI - Private acces to our servers for tests purposes.

## Job Responsibilities

Create an artificial intelligence communicating with the Iron Man armor. The following basic functions are expected:

- Auto Pilot
- Hyper Drive
- Safety ejection

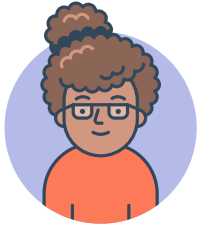

## Their Job Is Measured By

The experiences he already have.

## Goals or Objectives

Creating an AI capable of codntrolling the armor.

# Student Manager (1 year)

Highest Level of Education  
**Bac +3**

Social Networks

Industry  
**1 year**

## Preferred Method of Communication

E-mails & meetups.

He needs to be able to communicate properly and often. A daily resume of his students progression is appreciated.

## Tools They Need to Do Their Job

- One computer to work with the students
- A dedicated room to work properly

## Job Responsibilities

Work with other students.

## Their Job Is Measured By

Their past experiences.

## Goals or Objectives

Train the students and make them step up.
